- 9.1. The Company may disqualify any bid in accordance with the provisions of the Tender Documents and/or applicable law. services, any breach of undertakings vis-à-vis the Company, any suspicion of fraud, and other similar matters.

- 9.3. If at least five bids are submitted which meet the threshold conditions, the Company may, in its discretion, disqualify bids whose quote prices are in an amount whose value is less than 90% of the Qualified Average Amount of all bids which have met the threshold conditions. For purposes of this calculation, the “**Qualified Average Amount**” is the average amount of those bids meeting the threshold conditions after excluding the lowest such bid and the highest such bid, provided that if there are two identical lowest or highest such bids, those bids shall not be excluded from the computation of such average.
- 9.4. An estimate of this Tender’s value will have been made prior to the inspection of bids. The Company may, in its discretion, disqualify any bid which deviates significantly from that estimate.

- 10.3. If a single qualifying bid is submitted, or a single bid remains for the tender committee’s consideration, at a price which is significantly less favorable to the Company than the estimated value described in Section 9.4 above, then the Company may inform such bidder accordingly, and may, in its sole and uncontrolled discretion: (a) allow that bidder to submit a more favorable bid by no later than a date which the Company may determine, (b) award contract as per that bid in accordance with the terms and conditions of this Tender, or (c) cancel this Tender.
- 10.4. It is further clarified that the Company is free to refuse any bid and/or to cancel the Tender at any stage, in its discretion.

- 11.2. In order to benefit from the preference stated in Section 11.1 above, a bidder is required to attach to its bid the following documents:
- 11.2.1. A declaration signed by the bidder's authorized signatories confirming that the value of the Israeli Price Component of the goods in question constitutes at least 35% of the Bid Price of those goods. The meaning of “**Israeli Price Component**” is as defined in the Preference Regulations: meaning the price of the goods, *ex works* of the Israeli Manufacturer, net of the costs of any raw materials, parts, consulting services, planning, manpower and financing that were used in the manufacture of the goods and which originate from outside of Israel.
- 11.2.2. A certificate that the manufacturer of the goods is an Israeli citizen or a permanent resident of Israel or a corporation registered in Israel.
- 11.2.3. Confirmation from an accountant regarding the percentage reflecting the ratio of the Israeli Price Component to the Bid Price of the relevant goods, as specified in the bidder's declaration. The confirmation shall be prepared in accordance with the accepted audit standards in Israel, and the bidder's declaration in Section 11.2.1 above shall be attached thereto, imprinted with the accountant's stamp for identification purposes only.
- 11.3. The Company reserves the right to investigate each item and determine, solely on the basis of its own professional discretion, whether a particular item is an Israeli Product meeting the Preference Regulations requirements, including whether or not manufacturing activities in Israel constitute a “substantial transformation”. The Company further reserves the right to request from a bidder additional details or clarifications regarding that bidder's declaration as described in Section 11.2.1 above.
- 11.4. It is clarified that, in keeping with the decision of the Company's tender committee, the coating of goods in Israel will not be considered

a “substantial transformation”, and therefore will not, in and of itself, create a preference in accordance with the Preference Regulations.

11.5. In this Section 11, “**Bid Price**”, “**Israel**”, “**Israeli Manufacturer**”, “**Israeli Product**” and “**substantial transformation**” have the meanings provided in or implied by the Preference Regulations

12. Negotiations or Additional Competitive Process

12.1. The Company reserves the right to negotiate with bidders whose bids are found to be adequate, subject to applicable law.

12.2. An estimate of the value of the engagement will be made for this Tender. In the event that all of the bids that are submitted in the tender less favorable to the Company than such estimate, the Company may, in its sole discretion, hold an additional competitive process between the bidders who submitted the most appropriate bids.

12.3. In the event that the Company elects, in its sole discretion, to hold an additional competitive process (“Best & Final”), the Company may approach such bidders as it may select in its discretion, and notify them that they are entitled to submit, within such timeframe as may be determined, a final bid. If such bidder does not submit another bid pursuant thereto, its first bid shall be deemed as its final bid.

13. Execution of Agreement with the Winning Bidder(s)

13.1. The Company will determine the bidder or bidders to be awarded contract, if any, and notify all bidders as soon as reasonably possible of the results. The notice of the winning bidder will not bind the Company until the Contract has been signed by the persons authorized to bind the Company thereby.

13.2. The engagement with the winning bidder will be based on a written agreement, the form of which is attached hereto as Annex H, and which constitutes an integral part hereof (the “**Contract**”).

13.3. The aforesaid notwithstanding, the Company shall be entitled, even after determination of the winning bidder(s) and/or notice thereof, to retract such notice and not engage with any of the bidders, including the bidder whose bid was determined to be the winning bid. A reasoned notice of such decision as will be delivered to the winning bidder(s) as early as possible, under the circumstances. For the avoidance of doubt, it is hereby clarified that should the Company retract such notice as aforesaid, it will not be liable for any expense or damage that the winner or any other bidder may have suffered in connection with such determination or notice or otherwise in connection with participation in the tender, as the case may be.

- 13.4. The Company reserves the right to make adjustments to the Contract that will be signed with the winning bidder, in its sole discretion.

14. Provisions pertaining to the Guarantee

- 14.1. The Company will be entitled to require the bidders to extend the validity of their respective Bank Guarantees, so long as no decision has been made regarding the winning bidder.
- 14.2. It is clarified that the Bank Guarantee of the winning bidder may also be used as a performance guarantee under the terms of the Contract. Without derogating from the generality of the foregoing, the Company may require the winning bidder to arrange for the amendment of its Bank Guarantee to secure the underlying relationship expressed in the Contract, including without limitation extension of validity such that expiry of the Bank Guarantee shall not occur before the later of (a) the date of actual supply of all Goods and (b) the date of confirmation of the payment in full by the Company for all Goods, each as evidenced by documentation issued and approved by the Company for the purpose of demonstrating the occurrence of such events (which documentation, if requested on or after 1 January 2020 and if such events have indeed occurred, shall not be unreasonably withheld or delayed by the Company). The bidder agrees and undertakes, if its bid is chosen as a winning bid, to amend its Bank Guarantee as the Company may reasonably instruct or require pursuant to the terms of this Section 14.2.
- 14.3. The Company shall be entitled to demand payment of the Bank Guarantee for the amount stated therein or part thereof, if in its reasonable opinion such amount is payable to the Company for any breach of the Tender or Contract or on any other grounds. If such demand is made, the Company will provide the bidder with a copy of a written opinion issued by the Company's legal counsel to the effect that such amount is payable.
- 14.4. Without derogating from the generality of the foregoing:
- 14.4.1. if a bidder retracts or withdraws its bid, the Company may demand payment of the Bank Guarantee (in part or in full, as the case may be), as per the provisions of Section 16.4 below; and
- 14.4.2. if a winning bidder fails to fully and accurately fulfill the terms, conditions, undertakings and requirements of the Tender, including provisions regarding the execution of the Contract, and/or fails to fully and precisely meet its undertakings, and such failure remains unremedied for 7 days after written notice from the Company (or regarding a

Finance Division - Procurement & Engagements Department

fundamental breach, at any time upon or after written notice from the Company, in the Company's discretion), then the Company may elect, in its sole discretion, to (a) disqualify the bid retroactively and decide on a replacement winning bid, as per the terms of Section 13 which shall apply *mutatis mutandis*, and demand payment from the Bank Guarantee in the amount of the difference between such winning bid and such replacement bid with an additional surcharge of 20% (twenty per cent) of such difference as liquidated damages; (b) require such winning bidder to adhere to its bid as per the terms of the Contract, in which case the Company will be entitled to demand payment from the Bank Guarantee for any act or omission which would have comprised a breach of the Contract as per the terms of such bid (as per Section 14.3 above); or (c) consider such winning bid as if it had been retracted, in which case Section 16.4 shall apply, *mutatis mutandis*. In each such case, the Company shall notify such bidder of its decision without delay.

14.5. It is clarified that the Company's rights as specified in this section do not derogate from any other remedy which would otherwise be available to the Company, including as per the Tender Documents and/or applicable law.

15. Examination of bids

15.1. Bidders may examine the Tender results, in accordance with the Mandatory Tenders Regulations, 5753-1993 (the "**Regulations**"), for a non-refundable fee of either NIS 1,000, USD 270, or € 250, to be paid to the Company together with the examination request, which request must be received at the Company's office by no later than 30 days from notice of non-award of contract or disqualification, as the case may be.

15.2. Together with submission of its bid, the bidder must provide a reasoned statement clearly specifying which parts (if any) of its bid constitute, in its opinion, a trade or professional secret which is not to be made available for examination by other bidders. If no such statement is provided, or if such portions of the bid are not clearly and specifically marked, the Company shall be entitled to make the entire bid available for the examination of other bidders.

15.3. It is clarified that a bidder who marks certain parts of its bid as a trade secret, by so doing waives its rights to examine the corresponding parts of other bids.

15.4. Nothing in the aforesaid shall be interpreted as any obligation or undertaking by the Company to treat any information as confidential

and/or to prevent exposure of such information, if and to the extent such obligation or undertaking would conflict with any applicable law, including without limitation the Freedom of Information Law, 5758-1998 (the “**Information Law**”).

- 15.5. If and to the extent the Company is required to determine, in consideration of the Information Law and/or other applicable law, which details of a bid must be made available for the examination of other bidders, the Company, shall take into account, amongst other considerations, the bidder’s statement as described in Section 15.2 above. It is clarified, however, that this decision will be made in the Company’s sole discretion in keeping with applicable law, and by submitting its bid, the bidder agrees that it shall have no claim or argument whatsoever if its entire bid or any part thereof is made available for the examination of other bidders.
- 15.6. The bidder further agrees that if the Company is of the opinion that there is concern as to whether information in a bid that it requests to examine be disclosed, the Company may refrain from disclosing any such information, so long as no court order has been issued requiring such disclosure.

16. General Provisions

- 16.1. Any and all expenses involved in preparing the bid are at the bidder's expense only.
- 16.2. Bidders wishing to purchase the Tender Documents in hard copy may do so in consideration for a fee of NIS 500, to be paid to the Company upon the purchase of the documents at the Company's offices, 3 Hasadnaot St., Herzliya Pituach, on Sundays-Thursdays between 10:00-15:00, and after prior coordination with Ms. Talmor Sela, whose details are in Section 16.9 below. The purchase of the Tender Documents in hard copy is not required for participation in the tender.
- 16.3. The bid will be valid for 90 days following the Submission Deadline. Throughout this period, the bid shall be irrevocable. If need be, the Company may require bidders to extend the validity of their respective bids, and Bank Guarantees for an additional period to be determined by the Company. Bids of which are not extended as aforesaid (including extension of the Bank Guarantee) shall be disqualified, even if such bid would otherwise have been preferred, and the Company may continue the process of the Tender process in accordance with its needs, from amongst the bids which have been so extended.
- 16.4. Bidders may not withdraw their bids in the Tender so long as the bid is valid. It is hereby agreed that a bidder withdrawing its bid in the tender shall be liable for liquidated damages to the Company, without need to

Finance Division - Procurement & Engagements Department

prove damage, in the full amount of the Bank Guarantee, which amount the Company may collect by its first demand. The parties agree that said amount reasonably expresses their expectation of the damage that may be caused to the Company as a result of a bidder's withdrawal of its bid from the Tender. Notwithstanding the above, if (a) the Company is of the opinion that the extent of damage is not greater than a certain amount, or (b) if an alternative bidder enters the Contract with the Company to provide the Goods (in quantities as per the Bill of Quantities as may be amended and/or as per any exercised Options, all in accordance with Section 7 above, to the extent such quantities remain unsupplied) at a higher price than the withdrawn bid, and the Company is of the opinion that it has suffered no additional damage due to the withdrawal of the bid, then the damage for withdrawal of the bid shall be computed accordingly, then (1) the Company's claim on the Bank Guarantee shall be for such amount, and (2) if the Company has already foreclosed on the Bank Guarantee for a greater amount, the difference shall be returned to the withdrawing bidder.

16.5. The bidder's price quote may be provided in NIS, USD or Euro; however, if prices are quoted by an Israeli bidder in a currency other than NIS, the Company will reserve the right to make payment to such Israeli bidder in NIS in accordance with the exchange rate current on date of invoice, as provided in the invoicing and payment terms of the Contract. A price quote expressed in a currency other than NIS, USD or Euro will be considered a modification of the Tender Documents, and the terms of Section 6.2 above will apply. If price quotes are expressed in multiple currencies, the Company may, at its sole discretion, deem the quote to have been provided in any of the currencies so expressed. A price quote expressed as a number without any legible expression of currency will be deemed as if expressed in NIS.

16.6. (a) It is clarified that each price quote is inclusive of all costs, expenses and tax (including VAT) associated with the provision or delivery of the Goods or fulfilment of any other condition of the Contract.

(b) If and to the extent that Israeli VAT applies to the provision of the Goods, the bidder must indicate such Israeli VAT as a separate item in each relevant price quote and invoice. If, at any time and for whatever reason, the Company determines in its reasonable opinion that Israeli VAT applies to any bid, order, or invoice, the Company may unilaterally amend the amount of such bid, order or invoice such that Israeli VAT appears as a separate item and the total quote or amount due, after the addition of Israeli VAT, is equal to the putative amount of such bid, order, or invoice.

Finance Division - Procurement & Engagements Department

(c) “**Israeli VAT**” means value added tax under the Value Added Tax Law, 5736-1975, at the rate current on date of payment; and “**VAT**” means any tax imposed by a governmental authority of any other jurisdiction in a manner similar to Israeli VAT.

- 16.7. By submitting its bid, each bidder undertakes to be irrevocably bound by the terms of Contract expressed in Annex H. It is clarified that each price quote expressed in a bid will be considered as taking into account all relevant provisions of the Contract and Tender, including without limitation any provisions regarding currency, payment, invoices, taxes, expenses, VAT, and delivery, as well as any representation or guarantee expressed therein, effective as of the Submission Deadline and repeated upon execution of the Contract.
- 16.8. By submitting its bid, each bidder undertakes to be irrevocably bound by the confidentiality provisions of the Contract (as expressed in Section **מקור ההפניה לא נמצא.** of Annex H), effective as of the Submission Deadline.
- 16.9. Unless otherwise specified or implied otherwise by context, in this Tender: (a) “**bid**” refers to the entirety of the documents described in Section 4 and submitted to the Company by no later than the Submission Deadline and/or any part thereof, and is further deemed to include any documents submitted in response to the Company’s request as per Section 4.11 as well as any excess documentation which the Company, in its discretion, decides to include in accordance with Sections 4.11 and 6.2.2; and (b) “**bidder**” means the party submitting a bid or interested in submitting a bid, as the case may be.
- 16.10. Non-fulfillment of one or more of the instructions in this tender may lead to the disqualification of the bid, at the Company’s sole discretion, and without derogating from any other right or remedy otherwise available to the Company.
- 16.11. It is clarified that the tender is subject to the provisions of Israeli tender law, including the Regulations, and nothing in the provisions of the Tender Documents shall be interpreted to derogate from any mandatory provisions therein or any other mandatory provisions of applicable law.
- 16.12. The bid must be submitted in a closed envelope by no later than the Submission Deadline, to the tender box which is located on the first floor of the Company's management offices at 3 Hasadnaot St., I.Z., Herzliya Pituach. “Tender No.023-19” must be clearly printed on the envelope. Bidders submitting their bid by courier are advised to instruct their courier service of the importance of placing their bid as a sealed enveloped in the tender box as per the above instructions.

- 16.13. The Company may, at any time, at its discretion, amend or modify the Tender Documents, provided that it gives written notice thereof to all of the bidders in the Tender, and the bidders in the Tender must prepare, adjust and/or amend their bids based on such amendments or modifications.
- 16.14. Any question may be referred to the undersigned at fax no. 09-9528169 or via e-mail to talmor@pei.co.il.
- 16.15. All disputes relating to, arising from or in connection with this Tender and/or the Tender Documents shall be finally adjudicated by the competent courts of Israel, Tel Aviv District. 12. To the best of our knowledge, neither (a) submission of our bid according to the terms of the Tender nor (b) entry into or performance of the Contract, if and to the degree our bid is selected, would create a personal or business conflict of interest for any of us, our officers, our agents or our employees who are, have been or would be involved in the bid or performance of the Contract.

The Supplier represents that it has read and examined this Agreement, including all documents attached hereto, that all of the provisions, conditions and plans are known and clear, and that it has the knowledge, capability and experience to fulfil the terms of this Agreement and supply the Goods in accordance with each relevant Order which may be issued pursuant to the terms of this Agreement.
- 2.2. The Supplier represents that all conditions of the Tender described in Section 3 of the Invitation are and have been fulfilled, and that all documents and/or written correspondence which it has presented to the Company in the course of the Tender process (including without limitation as described in Sections 4.5, 4.6, and 4.7 of the Invitation) have been duly executed by its authorized signatories or agents, and are valid, true and accurate in all material respects.
- 2.3. The Supplier represents that, to the best of Supplier’s knowledge after ordinary commercial diligence, the manufacture of the Goods by each Manufacturer took place in an OECD member country.
- 2.4. The Supplier represents and undertakes that any and all Goods shall comply with the Technical Standards, and will forward, upon the Company's demand, documents attesting to compliance with such standard.
- 2.5. The Supplier represents and undertakes that the Goods supplied according to each Order will be of the type, quality, dimensions, material and processing specified in the Order which reflect the Technical Specifications and/or any samples, models or instructions provided by the Company related thereto. If the Tender Documents indicate that any item to be provided requires the Company’s approval, the Supplier will not supply such item until the Company’s approval is received.
- 2.6. If and to the extent that one or more declarations in the form of Annex E (each such declaration, a “**Manufacturer’s Declaration**”) was submitted in connection with its bid, then the Supplier represents that, regarding each

Manufacturer relevant thereto, to the best of Supplier's knowledge after ordinary commercial diligence: (i) such Manufacturer's production or participation in production of the Goods took place at the specific production site described in the relevant Manufacturer's Declaration; and (ii) each Manufacturer's Declaration is accurate in all material respects.

- 2.7. **It is clarified** that all Goods supplied must have been produced by the Manufacturers indicated by the Supplier in its bid with regards to each item type and/or production stage or process, and in the manner described in all relevant Manufacturers' Declarations (including with regards to type, production stage or process and/or specific production site), and only by such Manufacturers and in such manner. No deviation from the above will be regarded as *de minimis*. Each such deviation shall be regarded as a material lack of conformity in the Goods, unless specifically approved by the Company in writing, in its sole and uncontrolled discretion (whether or not commercially reasonable) and on a case-by-case basis. Without derogating from any other right or remedy, the Company will be entitled to refuse delivery of and/or invalidate the receipt of any Goods delivered or supplied with such lack of conformity, or return such Goods to Supplier at Supplier's sole expense, even if no other non-conformity exists.
- 2.8. The Supplier is responsible for the quality of the Goods, including all of the parts, components and accessories thereof, and for the working order of such Goods for a period of 18 months from the date of supply thereof or 12 months from the date of commencement of use thereof by the Company, whichever is earlier (the "**Warranty Period**"), excluding Company's failure to follow manufacturer's instructions, or resulting from the willful or grossly negligent act or omission of the Company or any third party subsequent to the Goods' delivery.
- 2.9. Without derogating from any warranty by virtue of applicable law, in the event that any flaws, defects, faults or deficiencies are discovered in the Goods during the Warranty Period, which are not the result of Company's failure to follow manufacturer's instructions, or the willful or grossly negligent act or omission of the Company or any third party subsequent to the Goods' delivery (hereinafter: a "**Flaw**"), the following provisions shall apply:
- (a) The Supplier will be liable for any damage caused to the Company as a reasonably foreseeable result of any Flaw.
 - (b) The Supplier will be required as soon as possible and at its expense, to repair any Flaw, or, upon the Company's reasonable demand, to replace any Flawed item with another new item with a corresponding function in accordance with the relevant Order. Any such repair and/or replacement shall be carried out as soon as possible, at the Supplier's expense and to the Company's full satisfaction.

(c) If the Supplier fails to fulfill its undertakings as aforesaid, the Company will be entitled, without prejudice to any of its other rights, to repair or replace the Goods itself and to charge the Supplier with the expenses of the repair and/or replacement as aforesaid. The Supplier will indemnify the Company for any such expense immediately upon demand.

2.10. The Supplier will indemnify and hold harmless the Company, its officers, employees, agents and sub-contractors, for any damage or expense incurred, including with respect to demands or claims of third parties, resulting from a Flaw or other breach of this Agreement by the Supplier, including due to a delinquency in the date of supply and/or the supply of Goods which do not meet the terms and conditions of this Agreement or the Tender Documents. The Supplier shall indemnify the Company immediately upon receipt of a demand in respect of the aforesaid, without derogating from any other remedy or right available to the Company in such case.

3. Supervision and Inspection

3.1. Without prejudice to any of other terms and conditions of this Contract, the Company's representative will be entitled to check the quality of the Goods and their compliance with the Order prior to, upon or after receipt thereof, all at the Company's option and discretion, in order to determine whether the Goods comply with the Order.

3.2. The Company will not be charged for Goods found to be defective or inconsistent with the Order.

3.3. For the avoidance of doubt, the inspections carried out by the Company's representative as aforesaid do not release the Supplier from its full responsibility as per the Supplier's representations and warranties.

4. Prices

4.1. The prices of the Goods (including delivery as described in Section 8 below) will be in accordance with the provisions of the Order alongside each unit, which shall be fixed according to the price quotes provided in the Bill of Quantities and subject to no adjustment for any reason whatsoever (other than as per applicable terms and conditions of the Tender, if any), unless agreed by the Parties in advance and in writing.

4.2. Supply and delivery will be as described in Section 8 below. Terms of payment and invoicing will be as described in Section 9 below.

4.3. It is hereby clarified that the Company will not be charged for items that are supplied other than in accordance with the terms and conditions of the Order.

5. Changes to the Order

Finance Division - Procurement & Engagements Department

- 5.1. The Supplier will not be entitled to introduce any change or modify any Order unless the Company's prior written consent is given thereto.
- 5.2. No change shall be made to any of the terms and conditions or provisions of the Order unless agreed in writing between the Company and the Supplier.

6. The Company's Rights in the Case of Failure to Supply the Goods in a Timely Fashion

6.1. Delivery of the Goods by no later than the Final Delivery Date (as defined in Section 8.2 below) is a fundamental condition of the Order, and time is of the essence. Failure to deliver the Goods or any part thereof by the Final Delivery Date (or circumstances in which such failure is reasonably foreseen) shall constitute a fundamental breach of the Supplier's undertaking according to such Order.

6.2. In any case of failure (or foreseen failure) to deliver the Goods in a timely fashion as described in Section 6.1 above, the Company may, at its sole discretion, do any of the following or any combination thereof, as several or concomitant remedies, each of the following remedies being without prejudice to any other such remedy and without prejudice to any other right or remedy otherwise available to the Company:

(a) cancel the entire Order or such part thereof that was not (or is foreseen likely not to be) performed in a timely fashion as described in Section 6.1 above;

(b) order the Goods and/or similar products, in whole or in part, from other sources in order to make up the deficiency, and to charge the Supplier for any additional financial expense that the Company may incur thereby, which expense the Supplier will be required to reimburse immediately upon demand.

(c) demand liquidated damages as follows:

(1) for a delay of up to two weeks, 0.25% of the value of the Order for each day of delay;

(2) for a delay of more than two weeks and up to four (4) weeks, 0.5% of the value of the Order for each day of delay; and

(3) for a delay of more than four (4) weeks – 1% of the value of the Order for each day of delay, up to a ceiling of 20% of the value of the Order.

7. Partial Supply

Finance Division - Procurement & Engagements Department

The Supplier will not be entitled to make partial supply of an Order, unless under special circumstances and subject to a prior written approval by the Company to such partial supply. In case of partial supply without the Company's prior confirmation as aforesaid, the Company will be under no obligation to take possession of the Goods, and the Goods shall remain the possession and responsibility of the Supplier, and such partial supply will not be deemed a partial fulfilment of the Order. Alternatively, the Company may elect to take possession of the Goods as if partial supply were allowed, and conditions of payment for such partial supply as per the terms of this Agreement (*mutatis mutandis*), after a 10% discount as penalty for partial supply without Company's prior consent.

8. Supply and Delivery

- 8.1. The Goods will be supplied DDP (Incoterms 2010), to Company's warehouse either at Ashkelon South Industrial Zone ("**Ashkelon**") or Kiryat Hayim (Haifa area) ("**Terminal**"), as indicated in the Order in accordance with the Bill of Quantities, or as otherwise specified by the Company provided that the Supplier is reasonably compensated for any additional costs (the "**Delivery Site**").
- 8.2. The Supplier will supply the Order in full, including all Goods stated in the Order, by no later than the final date of supply stated in the Order, which shall be no earlier than 25 weeks following the Supplier's receipt of the Order, or an earlier date if agreed by the Parties (the "**Final Delivery Date**").
- 8.3. Delivery shall be considered to have occurred once (i) the Goods are actually unloaded and delivered to the Delivery Site, (ii) the Goods are found to be in conformity with the terms of the Order, and (iii) all relevant conditions of this Section 8 have been fulfilled. Without derogating from the generality of the foregoing, it is specifically stipulated that any cost associated with unloading the Goods at the Delivery Site will be borne by the supplier, unless provided otherwise in the Order.
- 8.4. It is clarified that any goods supplied to a destination other than the Delivery Site without prior coordination shall be considered undelivered, and the Company will not be liable for any payment therefor.
- 8.5. The Supplier will not deliver the Goods before coordinating by telephone in advance with the person named in the Order for coordination purposes (if so named).
- 8.6. The Goods shall be delivered new as manufactured, in conformance with the Technical Specifications and all other terms and conditions of the Tender and this Contract, together with any certificates of quality, manufacture and/or inspection or other documentation which are either: (a) mentioned in the Technical Specifications; or (b) reasonably requested by the Company in connection with the origin, manufacture, shipping, and/or quality of the

Goods and/or their conformance with the Technical Specifications or other terms of this Contract.

- 8.7. It is clarified that no payment will be required upon delivery. The Company will pay the Supplier in response to an Invoice issued by the Supplier in compliance with the terms and conditions of Section 9 below.
- 8.8. The Goods shall be delivered free of any right, claim, or encumbrance of any third party, and, without prejudice to any right or remedy which the Company would otherwise enjoy, the mere existence of any such right, claim or encumbrance shall be sufficient to deem the Goods as not having been delivered.

9. Terms of Payment

- 9.1. The Supplier may submit an original written invoice to the Company conforming to the conditions of this Section 9 (an “**Invoice**”), at any time subsequent to receiving the Company’s written confirmation that all Goods pertaining to a particular Order have been delivered in full, as per the terms of this Agreement (including Section 8 hereof) and to the Company’s satisfaction. It is clarified that the Company is under no obligation to pay the Supplier, other than in response to an Invoice issued by the Supplier and submitted to the Company in compliance with the terms and conditions of this Section 9.
- 9.2. The currency of the Invoice must be in the currency attributed to the price quote relevant to the Order in accordance with Section **שגיאה! מקור ההפניה לא נמצא.** of the Invitation (the “**Invoiced Currency**”). Notwithstanding the above, regarding an Israeli Supplier, if the Invoiced Currency is not NIS, then the Company reserves the right to make payment either in the Invoiced Currency as per the Invoiced Amount, or in NIS as per the amount resulting from the Invoiced Amount after applying the foreign exchange rate for the Invoiced Currency published by Bank of Israel, current as of the date of the Invoice.
- 9.3. The amount indicated on the Invoice must be equivalent to the price quote relevant to the Order, in the Invoiced Currency (such amount, when duly invoiced as per the terms of this Agreement, the “**Invoiced Amount**”). It is clarified that the Invoiced Amount is inclusive of all costs, expenses and tax (including VAT) associated with the provision or delivery of the Goods or fulfilment of any other condition of this Agreement.
- 9.4. If and to the extent that Israeli VAT applies to the provision of the Goods, the Invoice must indicate such Israeli VAT as a separate item such that the Invoiced Amount is inclusive of such Israeli VAT. If, at any time and for whatever reason, the Company determines in its reasonable opinion that Israeli VAT applies to any Order or Invoice, the Company may unilaterally

Oil Products Pipeline Ltd.

Finance Division - Procurement & Engagements Department

amend such Order or Invoice, such that Israeli VAT appears as a separate item and the total amount due, after the addition of Israeli VAT, is equal to the putative price quote or Invoiced Amount relevant to such Order or Invoice.

9.5. The Company shall pay the Invoiced Amount of each Invoice, by a bank transfer which shall be executed no later than 45 days following the last date of the calendar month on which the Invoice is actually received (the “**Payment Date**”).

9.6. It is clarified and stipulated that the Company will not be liable for any interest or pricing index differentials for any payment made up to 30 days subsequent to the Payment Date, or for any delay in payment due to either negligence of the Supplier or any Invoice’s lack of conformity to the terms of this Section 9.

10. Performance Guarantee

10.1. The Bank Guarantee provided by the Supplier together with its bid (from [*name of Bank*] as guarantor, bearing reference number [*ref. no. of Bank Guarantee*]) shall serve as a performance guarantee for the delivery of the Goods as well as all other provisions of this Agreement, and (without derogating from any entitlement under the terms of the Tender) the Company is entitled to demand payment from such Bank Guarantee for any debt, obligation, guarantee or undertaking arising out of or in connection with this Agreement (including without limitation any applicable remedy, whether sounding in tort, contract or otherwise), by any presentation complying with the terms of the Bank Guarantee.

10.2. The Supplier shall, immediately upon execution of this Contract, cause the Bank Guarantee to be amended to the Company’s satisfaction, such that the Bank Guarantee shall not expire before the later of (a) the date of actual delivery of all Goods as per Section 8 above, and (b) the date of confirmation of the payment in full by the Company for all Goods, each as evidenced by documentation issued and approved by the Company for the purpose of demonstrating the occurrence of such events. (Such documentation, if requested on or after 1 January 2020, and if such events have indeed occurred, shall not be unreasonably withheld or delayed by the Company.) An amendment substantially conforming to the form of Exhibit C attached hereto shall satisfy the requirement of this Section 10.2. If no such amendment is received by the Company by 30 days before the Bank Guarantee’s expiry date, then the Company will be entitled to demand full amount of the Bank Guarantee or any part thereof, at any time at its discretion, and return any balance to the Supplier upon the actual occurrence of the events described in (a) and (b) above.

10.3. If the Company demands payment of the Bank Guarantee or any part thereof, the Company will provide the Supplier with a copy of such demand and an indication of the date of presentation of such demand, and the Supplier shall, within 14 days of receipt of such notice (or within 14 days of the date of presentation, if later) cause the Bank Guarantee to be amended such that the amount of the Bank Guarantee is restored to its original value as of the Submission Deadline.

10.4. In this Section 10, “**amendment**” of the Bank Guarantee includes issuance of a new or alternate bank guarantee which meets all the requirements of the Tender and this Agreement (including without limitation Section 4.1 of the Invitation), including as if amended according to the provisions relevant thereto. Upon provision of such validly issued alternate bank guarantee, the Company shall return the prior Bank Guarantee, and such alternate bank guarantee shall be deemed the amended Bank Guarantee for purposes of the Tender and this Agreement.

11. Confidentiality

The Supplier undertakes to keep confidential any information that may be disclosed, delivered or become known to the Supplier, or any of its directors, officers, agents, sub-contractors, representatives or employees (“**Supplier’s Representatives**”) in the course of its dealings, communications and undertakings with the Company, other than information which (a) is or becomes public domain without fault of Supplier or Supplier’s Representatives, (b) reflects general knowledge or experience in Supplier’s field of business or expertise, or (c) which Supplier is permitted to disclose by virtue of an explicit provision of this Agreement or the Company’s prior written approval. Neither Supplier nor Supplier’s Representatives shall use, disclose, publish or otherwise allow for exposure of such confidential information as described above to any person, other than Supplier’s Representatives on a strictly need-to-know basis, by any means whatsoever, without the Company’s prior written consent on a case-by-case basis. Supplier shall ensure that each of Supplier’s Representatives who is exposed to the confidential information as described above shall be bound by confidentiality covenants no less strict than as described in this paragraph. For sake of clarity it is emphasized that all information of the Company to which Supplier or Supplier’s Representatives may be exposed shall be assumed to comprise the confidential information and trade secret of the Company, unless specifically indicated otherwise by the Company.

12. Miscellaneous

12.1. Nothing in this Agreement shall be interpreted as granting any right or remedy to any party other than the Supplier and the Company.

12.2. The relationship between the parties shall not be construed as comprising any partnership, agency or joint venture of any kind.

- 12.3. This Agreement comprises the entire agreement between the parties and supersedes all previous understandings or agreements.
- 12.4. Headings in this Agreement are provided for sake of convenience only and are not to be referred to in the interpretation of this Agreement.
- 12.5. No forbearance of either party shall be interpreted or deemed as a waiver of any kind unless explicitly set forth in writing, and no waiver shall be considered or interpreted to comprise any waiver or forbearance other than as strictly construed by the terms thereof. No amendment or modification to this Agreement shall be of any effect unless clearly set forth by the written agreement of the parties.

13. Jurisdiction and Governing Law
