To: All Tender Participants

Dear Sir / Madam,

Re: Public Tender No. PD23000217 (the "Tender") – Clarifications

The Company has received certain requests for clarification regarding the Tender, in accordance with Section 5.1 thereof, provided below (the "Questions"). Next to each Question is the Company's answer, which shall be considered by the Company as authoritative.

	<u>Question</u>	<u>Answer</u>
1	According to the OCIMF, we have two categories of hoses: Single and Double Carcass hoses. We need to know which type you require? It is not specified in the specs.	We require Double Carcass hoses
2	In section 2.1 of the tender documents, it's required that "The Goods shall meet the requirements of the Technical Specifications and the Bill of Quantities, and shall be manufactured in a country which is a member of the EU or the OECD". We do manufacture hoses in a few countries and sites. Could you approve hoses manufactured in China (not part of the EU or OECD), and meet all the tender technical specifications? The offer of these hoses will be more techno-economic.	Hoses manufactured in China are not approved. We require hoses manufactured in a country which is a member of the EU or the OECD

Thank you for your continued interest in the Tender; we look forward to receiving your bids.

Sincerely,

Talmor

Talmor Sela
