- 4.7. Bids for supply of Goods made in Israel must also be submitted together with the documents required in Section 11 in order to gain the benefit of the Preference Regulations.
- 4.8. A bid which does not include each of the relevant documents specified above may be automatically disqualified, with or without regard to its content; *however*, the Company may, in its sole discretion, request a particular bidder to supply one of the documents above following submission within a given period of time. If such bidder fails to supply the requested documents to the satisfaction of the Company, within such period of time as is given thereto for such purpose, the Company may disqualify its bid. If a bidder submits documentation in excess of the requirements of this Section 4, the Company reserves the right to treat such excess documentation in the manner described in Section 6.2 below, which shall apply to such excess documentation, *mutatis mutandis*. Without derogating from any other provision herein, it is clarified that failure of a winning bidder to deliver a complying Bank Guarantee as described in Section 15.1 below within 14 days of being notified of its award is a fundamental breach of this Tender, and grounds for retraction of the award, in the Company's discretion.

5. Clarifications

- 5.1. Bidders in the Tender are required to check thoroughly all of the Tender Documents. Any bidder who finds ambiguities, discrepancies or inconsistencies in or between the various Tender Documents or various provisions thereof, or any other inconsistency, may address the Company with a written request for clarification. Such written request must be delivered to the Company by email to purchasebid@pei.co.il, by no later than September 15, 2020.
- 5.2. Any bidder who fails to submit a written request for clarification as described in Section 5.1 above will be barred from raising any claim in the future regarding any ambiguities, discrepancies or inconsistencies in or between the various provisions of the Tender Documents.
- 5.3. It is emphasized that only written responses sent by the Company or its authorized agents are binding.
- 5.4. The bidder is aware and agrees that a written response to any question asked may, at the Company's discretion, be sent to all of the bidders, including as described in Section 5.5 below.

Petroleum & Energy Infrastructures Ltd.
Oil Products Pipeline Ltd.

Finance Division - Procurement & Engagements Department

5.5. The Company may, in its discretion, publish any and all notices, updates, announcements and/or clarifications regarding this Tender to bidders who have registered at the Company's website (www.pei.co.il), which registration is each bidder's sole responsibility. Any update, announcement, clarification or other notice so published to registered bidders (a "**Notice to Bidders**") shall be deemed received by all bidders, effective immediately upon such publication.

6. **Modification of or Reservations to the Tender Documents**

6.1. It is clarified that the bidder may not modify, add to, omit from, or make any reservations or conditions to the Tender Documents in any way. The Company emphasizes that in any case in which the bidder believes that any clarification is required with respect to the terms and conditions of the Tender, it must address the Company in the manner and within the timeframe set forth in Section 5.1 above.

6.2. If, despite the provisions of Section 6.1, the bidder modifies, adds to, omits from, or makes any reservations or conditions to, the Tender Documents in any way, the Company may, in its sole discretion, act in accordance with any one or a combination of the following options:

6.2.1. Ignore any reservation, modification or condition, and require the bidder to meet its bid as if it had been submitted without such reservation, modification or condition, and if the bidder refuses to do so, the Company shall be entitled to demand Liquidated Damages;

6.2.2. Accept any modification comprising or implying an additional undertaking, representation or guarantee by the bidder as part of the bid, *provided that* such additional condition shall not be considered in the comparison of bids or the award of contract;

6.2.3. Disqualify the bid, in whole or in part; and/or

6.2.4. Make any other decision that the Company may deem appropriate under the circumstances.

By submitting its bid, the bidder represents that it is aware that the Company may take any of the actions described above, whether with respect to its bid or other bids, and irrevocably waives any claim or argument against the Company in this regard.

- 6.3. It is clarified that by submitting its bid, each bidder (i) represents that its price quotes have taken into account all terms and conditions of the Contract and this Tender, including without limitation the terms regarding split bids and partial orders, and further including any terms and conditions regarding payment, currency, tax and expenses, and (ii) irrevocably waives any claim or argument to the contrary.

7. Split Bids and Partial Orders

- 7.1. Subject to the terms of this Section 7, the Company will be entitled, in its sole discretion, to split the award of contract for supply of different items in the Bill of Quantities between several bidders.
- 7.2. Any bidder who wishes to modify its price quote in the event that its bid is split must specify an adjustment surcharge in case of a split, clearly and legibly in the space provided in the bidder's declaration submitted in the form of Annex A. If a bidder fails to act as stated in this Section 7.2: the Company may split its bid without any additional surcharge; that bidder's price quote for the various components will be binding despite any split the Company may elect to make regarding such bid; and such bidder, by submitting its bid, irrevocably waives any claim or argument against the Company in this regard.
- 7.3. The Company may, at its discretion, reduce the quantity of Goods in its order, in accordance with its needs, and all relevant provisions of the Tender shall apply in such reduced quantity (including the price quote per unit).
- 7.4. At any time within the timeframe set forth in Section 5.1 above, the Company reserves the right to amend the quantity of any Goods specified to the Bill of Quantities, by written notice to all potential bidders, including by Notice to Bidders as described in Section 5.5 above. In such event, each bid shall be regarded as if the quantities specified in that bid's signed Bill of Quantities (as per Section 4.2 above) were so amended.

8. Inspection of the Bids

- 8.1. The Company may, in its sole and absolute discretion, allow a bidder whose bid is incomplete or flawed to amend, supplement or clarify its bid (including for the purpose of demonstrating the bidder's compliance with the threshold conditions), in such manner and under such conditions as may be determined by the Company in its discretion and in keeping with applicable law.
- 8.2. The Company reserves the right to refrain from considering or to disqualify the bid of any bidder who fails to provide the Company with required information or who provides inaccurate information.

- 8.3. The bidder is required to update the Company in writing and without delay regarding any change that may occur, if and when such change occurs, in the information delivered to the Company at any time from the Submission Date until the date of publication of the Company's decision regarding the award of contract, and if such bidder is awarded the contract, until the execution of the Contract.

9. **Disqualification of Bids**

- 9.1. The Company may disqualify any bid in accordance with the provisions of the Tender Documents and/or applicable law. Without derogating from the generality of the aforesaid, the Company may, in its discretion, disqualify any bid which is incomplete, mistaken, or based on any incorrect assumption or misunderstanding regarding the Tender, or any bid which may create a conflict of interest with other engagements of the bidder, including engagements of the bidder with the Company on other matters contemplated in the Tender. The aforesaid does not derogate from the Company's right to waive or correct technical flaws which may occur in a bid in good faith, pursuant to the provisions of applicable law.
- 9.2. Without derogating from the generality of the aforesaid, the Company may disqualify, in its sole discretion, the bid of a bidder with whom the Company has had a bad experience in a previous engagement, including any dissatisfaction or non-compliance with the required standards in any manner of performance of work, supply of goods or provision of services, any breach of undertakings vis-à-vis the Company, any suspicion of fraud, and/or other similar matters.
- 9.3. If at least five bids are submitted which meet the threshold conditions, the Company may, in its discretion, disqualify bids whose quote prices are in an amount whose value is less than 90% of the Qualified Average Amount of all bids which have met the threshold conditions. For purposes of this calculation, the "**Qualified Average Amount**" is the average amount of those bids meeting the threshold conditions after excluding the lowest such bid and the highest such bid, provided that if there are two identical lowest or highest such bids, those bids shall not be excluded from the computation of such average.
- 9.4. An estimate of this Tender's value will have been made prior to the inspection of bids. The Company may, in its discretion, disqualify any bid which deviates significantly from that estimate.

10. **Award of Contract**

- 10.1. Subject to the other terms and conditions of this Tender, the bidder whose bid meets the threshold requirements and bears the lowest price quote shall be awarded the contract, subject to the terms and conditions of this Tender and applicable law.

Oil Products Pipeline Ltd.

Finance Division - Procurement & Engagements Department

- 10.2. Notwithstanding anything to the contrary, the Company may award the contract to a bidder other than as described in Section 10.1 above in any of the following circumstances:
- 10.2.1. In accordance with another provision of this Tender which mandates or grants the Company discretion to consider and/or award the contract to a different bid or bids;
- 10.2.2. If the winning bidder has failed execute the Contract within seven (7) days of being notified of its award, or has failed to deliver a complying Bank Guarantee as described in Section 15.1 below within 14 days of being notified of its award, or if the provisions of Section 13.3 otherwise apply; or
- 10.2.3. Under special circumstances, and for special reasons which the Company shall commit to writing, after having given the bidder who would otherwise have been awarded the contract reasonable opportunity to present its case.
- 10.3. If a single qualifying bid is submitted, or a single bid remains for the tender committee's consideration, at a price which is significantly less favorable to the Company than the estimated value described in Section 9.4 above, then the Company may inform such bidder accordingly, and may, in its sole and absolute discretion: (a) allow that bidder to submit a more favorable bid by no later than a date which the Company may determine, (b) award contract as per that bid in accordance with the terms and conditions of this Tender, or (c) cancel this Tender.
- 10.4. It is further clarified that the Company is free to refuse any bid and/or to cancel the Tender at any stage, in its discretion.

11. **Priority for Goods made in Israel**

- 11.1. The Company will give preference to bids for goods made in Israel according to the provisions of the Mandatory Tenders Regulations (Preference for Israeli Products and Mandatory Business Cooperation), 5755-1995 (the "**Preference Regulations**"), with regards to bids to supply Israeli goods whose quote price does not exceed the quote price of bids to supply imported goods by more than 15%.
- 11.2. In order to benefit from the preference stated in Section 11.1 above, a bidder is required to attach to its bid each of the following documents:
- 11.2.1. A declaration signed by the bidder's authorized signatories confirming that the value of the Israeli Price Component of the goods in question constitutes at least 35% of the Bid Price of those goods. The meaning of "**Israeli Price Component**" is as defined in the Preference Regulations: meaning the price of the

Finance Division - Procurement & Engagements Department

goods, *ex works* of the Israeli Manufacturer, net of the costs of any raw materials, parts, consulting services, planning, manpower and financing that were used in the manufacture of the goods and which originate from outside of Israel.

11.2.2. A certificate that each Manufacturer of the relevant goods is an Israeli citizen or a permanent resident of Israel or a corporation registered in Israel.

11.2.3. A confirmation from an accountant regarding the percentage reflecting the ratio of the Israeli Price Component to the Bid Price of the relevant goods, as specified in the bidder's declaration. The confirmation shall be prepared in accordance with the accepted audit standards in Israel, and the bidder's declaration in Section 11.2.1 above shall be attached thereto, imprinted with the accountant's stamp for identification purposes only.

11.3. The Company reserves the right to investigate each item and determine, solely on the basis of its own professional discretion, whether a particular item is an Israeli Product meeting the requirements of the Preference Regulations, including whether or not manufacturing activities in Israel constitute a "substantial transformation". The Company further reserves the right to request from a bidder additional details or clarifications regarding that bidder's declaration as described in Section 11.2.1 above.

11.4. It is clarified that, in keeping with the decision of the Company's tender committee, the coating of goods in Israel will not be considered a "substantial transformation", and therefore will not, in and of itself, create a preference in accordance with the Preference Regulations.

11.5. In this Section 11, "**Bid Price**", "**Israel**", "**Israeli Manufacturer**", "**Israeli Product**" and "**substantial transformation**" have the meanings provided in or implied by the Preference Regulations.

12. Negotiations or Additional Competitive Process

12.1. The Company reserves the right to negotiate with bidders whose bids are found to be adequate, subject to applicable law.

12.2. An estimate of the value of the engagement will be made for this Tender. In the event that all of the bids that are submitted in the tender less favorable to the Company than such estimate, the Company may, in its sole discretion, hold an additional competitive process between the bidders who submitted the most appropriate bids.

- 12.3. In the event that the Company elects, in its sole discretion, to hold an additional competitive process ("Best & Final"), the Company may approach such bidders as it may select in its discretion, and notify them that they are entitled to submit, within such timeframe as may be determined, a final bid. If such bidder does not submit another bid pursuant thereto, its first bid shall be deemed as its final bid.

13. Execution of Contract with the Winning Bidder(s)

- 13.1. The Company will determine the bidder or bidders to be awarded contract, if any, and notify all bidders as soon as reasonably possible of the results. The notice of the winning bidder will not bind the Company until the Contract has been signed by the persons authorized to bind the Company thereby, and a complying Bank Guarantee has been delivered to the Company.
- 13.2. The engagement with the winning bidder will be based on a written agreement, the form of which is attached hereto as Annex E, and which constitutes an integral part hereof (the "**Contract**").
- 13.3. If a winning bidder fails to fully and accurately fulfill the terms, conditions, undertakings and requirements of the Tender, including if its bid includes any material misrepresentation(s), and/or if it fails to execute the Contract within seven (7) days of being notified of its award, or fails to deliver a complying Bank Guarantee as described in Section 15.1 below within 14 days of being notified of its award, then the Company may, in its sole discretion and without prejudice to any right or remedy otherwise available: (a) require such winning bidder to adhere to its bid, as represented therein, as per the terms of the Contract, after adjustment of set-off for the amount described in Section 14.3(a) below; and/or (b) whether or not the Company has previously required the winning bidder to adhere to its bid as described in sub-section (a) above, at any time that a failure or misrepresentation described in this Section 13.3 remains unremedied, disqualify such bid retroactively, decide on a replacement bidder, and demand payment of the Liquidated Damages. The Company will notify such bidder of its decision without unreasonable delay.
- 13.4. Without derogating from the foregoing, the Company shall be entitled, even after determination of the winning bidder(s) and/or notice thereof, to retract such notice and not engage with any of the bidders, including the bidder whose bid was determined to be the winning bid. A reasoned notice of such decision as will be delivered to the winning bidder(s) as early as possible, under the circumstances. For the avoidance of doubt, it is hereby clarified that should the Company retract such notice as aforesaid, it will not be liable for any expense or damage that the winner or any other bidder may have suffered in connection with such

determination or notice or otherwise in connection with participation in the Tender, as the case may be.

- 13.5. The Company reserves the right to make adjustments to the Contract that will be signed with the winning bidder, in its sole discretion.

14. **Liquidated Damages**

- 14.1. By submitting its bid, each bidder agrees that, in addition to and without prejudice to any right or remedy otherwise available to the Company, it shall pay Liquidated Damages to the Company in the case of any of the following breaches:

- (a) The retraction of a bid (or the substantial equivalent of the same);
- (b) Any material misrepresentation in a bid, or any material breach of the Tender; and/or
- (c) Failure to fulfill any requirement upon an award of contract, including execution of the Contract within seven (7) days of being notified of its award, and delivery of a complying Bank Guarantee within 14 days of being notified of its award.

- 14.2. The Company will be entitled to recover the Liquidated Damages in any manner allowed by applicable law, including by right of set off against any obligation to such bidder, whether by virtue of this Tender or any other past or future tender, agreement or understanding, and shall further be entitled (in its discretion) to initiate proceedings against the breaching bidder and otherwise pursue the recovery of Liquidated Damages in any competent court or tribunal of the breaching bidder's jurisdiction.

- 14.3. In this Tender, "**Liquidated Damages**" means the aggregate of the following amounts:

- (a) Regardless of the currency quoted in the bidder's bid, the amount of NIS 25,000;
- (b) If the Company elects to disqualify a winning bid due to bidder's breach of the Tender as per Section 13.3(b) above, the difference between the breaching bidder's bid and the replacement bid (as expressed in values reflecting the currency of the breaching bidder's bid, as per the Bank of Israel representative exchange rate on the date of Company's written notification to the breaching bidder), with an additional surcharge of 20% (twenty percent); plus
- (c) Penalty interest and/or CPI adjustments as are customarily imposed by courts of the bidder's jurisdiction (and for a bidder whose quote is in NIS, as are customarily imposed by courts in Israel); plus

(d) All expenses reasonably incurred by the Company in the recovery of the amounts aforementioned, including legal expenses and attorneys' fees.

14.4. The Liquidated Damages expressed in this Section 14 are in addition to and independent of the liquidated damages expressed in the Contract for failure or foreseen failure to deliver Goods in a timely fashion (*see* Section 6.2(c) of the Contract).

15. Performance Guarantee

15.1. The bidder agrees and undertakes, if its bid is chosen as a winning bid, to provide an autonomous bank guarantee conforming to all of the requirements of this Section 15.1 (the "**Bank Guarantee**"), as soon as reasonably possible, and in any case not later than 14 days following its being notified of its award, as a performance guarantee for the Contract.

15.1.1. The guarantee must be an original document, validly issued by a banking corporation regulated and licensed under Israeli law or by the banking authority of the bidder's home jurisdiction.

15.1.2. The guarantee must be written in either the English language or the Hebrew language.

15.1.3. The guarantee must be addressed to the Company and be for the Company's benefit; however, if the issuing bank's general practice does not allow for issuance of an autonomous guarantee to more than one entity, the guarantee may be addressed to and for the benefit of Petroleum and Energy Infrastructures Ltd. alone.

15.1.4. The guarantee must be payable upon the beneficiary's first written demand, substantially under the conditions described in this Section 15.1; however, the guarantee may allow for the issuing bank corporation to provide that actual payment of the guarantee can be made at any time within fifteen (15) days of receiving such written demand for payment.

15.1.5. The amount guaranteed shall be NIS 10,000 (the "**Guarantee Amount**"). If the award is split between two or more bidders (as contemplated in Section 7 above), the amount of each bidder's guarantee will be a *pro rata* portion of the Guarantee Amount, as per the ratio of the bid price of each bidder's winning award and the aggregate of all winning awards.

15.1.6. The guarantee shall be valid until a date no earlier than 30 weeks following notification of award (the "**Guarantee Expiry Date**"), or the actual delivery of all Goods to the Company's satisfaction, as evidenced by an original document issued by the Company for the

Finance Division - Procurement & Engagements Department

purpose of demonstrating the occurrence of such event; however, for so long as the Goods have not actually been delivered to the Company's satisfaction, the Company shall have the right to extend the Guarantee Expiry Date by written notice for successive 60-day periods.

- 15.1.7. The guarantee's applicant must be identical to the bidder.
- 15.1.8. The guarantee must be identified by a reference number or code and states that it is made in reference to the Company's "Public Tender No. 030-20" and "Contract No. 030-20" as the underlying relationship.
- 15.1.9. The guarantee must be governed by URDG 758, and must specifically state that the supporting statement under URDG article 15(a) is excluded.
- 15.1.10. The guarantee must provide that a complying presentation requires no additional documentation other than the Company's statement that the amount claimed is due by reason of the bidder's obligation arising from or in connection with this Tender or the Contract.

An autonomous bank guarantee issued by a banking corporation regulated and licensed under Israeli law or by the banking authority of the bidder's home jurisdiction, which conforms in all material respects to the suggested form provided as Appendix C attached to Annex E (including if modified as per any parameters stated in this Section 15.1), shall be considered a complying Bank Guarantee for purposes of this Tender.

- 15.2. The Company shall be entitled to demand payment of the Bank Guarantee for the amount stated therein or part thereof, if in its reasonable opinion such amount is payable to the Company for any breach of the Tender or the Contract or on any other grounds. If such demand is made, the Company will provide the bidder with written correspondence stating the grounds by which such amount is payable.
- 15.3. It is clarified that the Company's rights as specified in this Section 15 do not derogate from any other remedy which would otherwise be available to the Company, including per the Tender Documents and/or applicable law.

16. **Examination of bids**

- 16.1. Bidders may examine the Tender results, in accordance with the Mandatory Tenders Regulations, 5753-1993 (the "**Regulations**"), for a

Finance Division - Procurement & Engagements Department

non-refundable fee of NIS 1,000, to be paid to the Company together with the examination request, which request and payment must be received at the Company's office by no later than 30 days from notice of non-award of contract or disqualification, as the case may be.

- 16.2. Together with submission of its bid, the bidder must provide a reasoned statement clearly specifying which parts (if any) of its bid constitute, in its opinion, a trade or professional secret which is not to be made available for examination by other bidders. If no such statement is provided, or if such portions of the bid are not clearly and specifically marked, the Company shall be entitled to make the entire bid available for the examination of other bidders.
- 16.3. It is clarified that a bidder who marks certain parts of its bid as a trade secret, by so doing waives its rights to examine the corresponding parts of other bids.
- 16.4. Nothing in the aforesaid shall be interpreted as any obligation or undertaking by the Company to treat any information as confidential and/or to prevent exposure of such information, if and to the extent such obligation or undertaking would conflict with any applicable law, including without limitation the Freedom of Information Law, 5758-1998 (the "**Information Law**").
- 16.5. If and to the extent the Company is required to determine, in consideration of the Information Law and/or other applicable law, which details of a bid must be made available for the examination of other bidders, the Company, shall take into account, amongst other considerations, the bidder's statement as described in Section 16.2 above. It is clarified, however, that this decision will be made in the Company's sole discretion in keeping with applicable law, and by submitting its bid, the bidder agrees that it shall have no claim or argument whatsoever if its entire bid or any part thereof is made available for the examination of other bidders.
- 16.6. By submitting its bid, the bidder further agrees that if the Company is of the opinion that there is concern as to whether information in a bid that it requests to examine should or should not be disclosed, the Company may refrain from disclosing any such information, so long as no court order has been issued requiring such disclosure.

17. **General Provisions**

- 17.1. Any and all expenses involved in preparing the bid are at the bidder's expense only.
- 17.2. Bidders wishing to purchase the Tender Documents in hard copy may do so in consideration for a fee of NIS 500, to be paid to the Company

Finance Division - Procurement & Engagements Department

upon the purchase of the documents at the Company's offices, 3 Hasadnaot St., Herzliya Pituach, on Sundays-Thursdays between 10:00-15:00, and after prior coordination with Ms. Talmor Sela, via the email address listed in Section 17.14 below. The purchase of the Tender Documents in hard copy is not required for participation in the Tender.

- 17.3. The bid will be valid for 90 days following the Submission Deadline. Throughout this period, the bid shall be irrevocable. If need be, the Company may require bidders to extend the validity of their respective bids, and/or provide bid guarantees and/or performance guarantees complying with the conditions expressed in Section 15.1 above (to be treated in the manner of a Bank Guarantee, *mutatis mutandis*). Bids which are not extended as aforesaid (or for which bid guarantees and/or performance guarantees as described above are not provided as required) shall be disqualified, even if such bid would otherwise have been preferred, and the Company may continue the process of the Tender in accordance with its needs, from amongst the bids which have been so extended and/or for which such guarantees have been provided.
- 17.4. Bidders may not withdraw their bids in the Tender so long as the bid is valid. A bidder withdrawing its bid in the Tender shall be liable for Liquidated Damages to the Company, as described in Section 14 above, which amount the Company may collect at its first demand.
- 17.5. The bidder's price quote may be provided in NIS, USD or Euro; however, if prices are quoted by an Israeli bidder in a currency other than NIS, the Company will reserve the right to make payment to such Israeli bidder in NIS in accordance with the exchange rate in effect on the date of invoice, as provided in the invoicing and payment terms of the Contract. A price quote expressed in a currency other than NIS, USD or Euro will be considered a modification of the Tender Documents, and the terms of Section 6.2 above will apply. If price quotes are expressed in multiple currencies, the Company may, at its sole discretion, deem the quote to have been provided in any of the currencies so expressed. A price quote expressed as a number without any legible expression of currency will be deemed as if expressed in NIS.
- 17.6. (a) It is clarified that each price quote is inclusive of all costs, expenses and taxes (including VAT) associated with the provision or delivery of the Goods or fulfilment of any other condition of the Contract.
- (b) If and to the extent that Israeli VAT applies to the provision of the Goods, the bidder must indicate such Israeli VAT as a separate item in each relevant price quote and invoice. If, at any time and for whatever reason, the Company determines in its reasonable opinion that Israeli VAT applies to any bid, order, or invoice, the Company may unilaterally amend the amount of such bid, order or invoice such that Israeli VAT

appears as a separate item and the total quote or amount due, after the addition of Israeli VAT, is equal to the original amount of such bid, order, or invoice (*i.e.* including Israeli VAT).

(c) In this Tender, "**Israeli VAT**" means value added tax under the Value Added Tax Law, 5736-1975, at the rate current on the date of payment; and "**VAT**" means any tax imposed by a governmental authority of any other jurisdiction in a manner similar to Israeli VAT.

- 17.7. By submitting its bid, each bidder undertakes to be irrevocably bound by the terms of the Contract expressed in Annex E. It is clarified that each price quote expressed in a bid will be considered as taking into account all relevant provisions of the Contract and Tender, including without limitation any provisions regarding currency, payment, invoices, taxes, expenses, VAT, and delivery, as well as any representation or guarantee expressed therein, effective as of the Submission Deadline and repeated upon execution of the Contract.
- 17.8. By submitting its bid, each bidder undertakes to be irrevocably bound by the confidentiality provisions of the Contract (as expressed in Section 11 of Annex E), effective as of the Submission Date.
- 17.9. Unless otherwise specified or implied by context, in this Tender: (a) "**bid**" refers to the entirety of the documents described in Section 4 and submitted to the Company by no later than the Submission Deadline and/or any part thereof, and is further deemed to include (i) any documents or correspondence submitted in response to the Company's request as per Section 4.8, and (ii) any excess documentation which the Company, in its discretion, decides to include in accordance with Sections 4.8 and/or 6.2.2; and (b) "**bidder**" means the party submitting a bid or interested in submitting a bid, as the case may be.
- 17.10. Non-fulfillment of one or more of the instructions in this Tender may lead to the disqualification of the bid, at the Company's sole discretion, and without derogating from any other right or remedy otherwise available to the Company.
- 17.11. It is clarified that the Tender is subject to the provisions of Israeli tender law, including the Regulations, and nothing in the provisions of the Tender Documents shall be interpreted to derogate from any mandatory provisions therein or any other mandatory provisions of applicable law.
- 17.12. The Company may, at any time, at its discretion, amend or modify the Tender Documents, provided that it gives written notice thereof to all of the bidders in the Tender, and the bidders in the Tender must prepare, adjust and/or amend their bids based on such amendments or modifications.

- 17.13. Any question may be referred to the undersigned via e-mail, to purchasebid@pei.co.il, which references "Tender No. 025-20".
- 17.14. All disputes relating to, arising from or in connection with this Tender and/or the Tender Documents shall be finally adjudicated by the competent courts of Israel, Tel Aviv District. This Tender and each of the Tender Documents are governed by the laws of the State of Israel, without reference to its conflict of laws rules.
- 18. Submission Protocol.** All bids must be submitted in accordance with the instructions provided in this Section 18 (collectively, the "**Submission Protocol**"). *Submission of a bid in any manner other than as per the Submission Protocol may result in disqualification of the bid.*
- 18.1. The bid must be submitted and received, by no later than the Submission Deadline set forth in Section 3.1 above, **either** (a) in a sealed envelope, deposited by hand in the special-purpose tender-mailbox, on the first floor of the Company's offices at: Petroleum and Energy Infrastructures Ltd / Oil Products Pipeline Ltd., 3 Hasadnaot, Herzliya, Israel (bidders submitting their bid by courier are advised to instruct their courier service of the importance of placing their bid in a sealed envelope in the tender box as per the above instructions), **or** (b) by an email with attachments conforming with Section 18.2 below and addressed to tender030-20@pei.co.il (the "**Designated Account**"), with a subject line which states the name of the bidder and the number of this Public Tender, as well as the Company's name (for example: "XYZ Bidder Ltd. -- Submission of bid for Public Tender No. 030-20 (Petroleum and Energy Infrastructures Ltd.)" (a "**Submission Email**"). Bidders must choose to submit their bids by **one** of these two methods. Any bid submitted by a bidder by both methods (physical deposit and Submission Email) may be disqualified and/or considered as if not submitted and/or the Company will have a right to choose one of the two bids at its discretion.
- 18.2. Without derogating from any other provision hereof, Submission Emails are subject to and must also comply with the following terms:
- 18.2.1. All attachments to a Submission Email must be electronically signed by an individual authorized to submit the bid on bidder's behalf (an "**Authorized Individual**"), by means of a secure electronic signature which: (a) is uniquely connected to the Authorized Individual; (b) identifies the Authorized Individual as the signatory; and (c) is under the exclusive access and control of the Authorized Individual (an attachment meeting such requirements: an "**Electronically Signed Attachment**").

- 18.2.2. The Company will access the Designated Account in the period that is 24-48 hours prior to the Submission Deadline ("**Pre-Check Period**"), solely (a) to check how many emails have been received in the Designated Account by such time and (b) to respond to each such email received, for the sole purpose of notifying the sender that an email from such account has been received in the Designated Account ("**Email Received Notice**"). As such, it is recommended – if a bidder sends a Submission Email prior to or during such Pre-Check Period but does not receive an Email Received Notice by 24 hours before the Submission Deadline – that such bidder contact the Company. For the avoidance of doubt, the Company will not be opening any Submission Email or checking it for adequacy, compliance, completion or the like, during the Pre-Check Period. For the further avoidance of doubt, bids may be submitted after the Pre-Check Period so long as they are received in the Designated Account before the Submission Deadline, but those bidding in this manner take full responsibility for doing so and acknowledge that they will not receive an Email Received Notice.
- 18.2.3. The bid will be deemed to consist only of the Electronically Signed Attachment(s) to a Submission Email which is received by no later than the Submission Deadline; however, the Company reserves the right to treat any text, documents and/or information contained in or attached to a Submission Email, which are not Electronically Signed Attachments (whether or not receipt of the Submission Email has been confirmed), as Modifications, and the provisions of Section 6 will apply to them.
- 18.2.4. The Company represents that Submission Emails received in accordance with this Submission Protocol will be treated as per the Company's policies regarding submission of bids for public tender, as if submitted in the customary physical manner, with conforming changes.
- 18.2.5. By submitting its bid, each bidder: (a) confirms and consents that its correspondence with the Company regarding the Tender (and/or the Contract, if awarded), including without limitation the Submission Email and its attachments, may take place by means of electronic correspondence, by which the bidder shall be legally bound; (b) represents that any documents comprising or included in an Electronically Signed Attachment and bearing the signature, stamp or written acknowledgment of a Manufacturer or any other third party, are true and authentic copies of the original document duly executed by an individual who is, to the bidder's best knowledge, the authorized representative of that third party; (c) represents that the electronic correspondence and signature by which the Submission Email and Electronically Signed Attachments were submitted meet, at a minimum, the legal requirements of a "standard electronic signature"

under the laws of the bidder's jurisdiction, and comprise a legally binding signature under those laws; and (d) unconditionally waives, and acknowledges it shall be estopped from advancing, any argument contrary to any of the above.

18.2.6. In its Submission Email, the bidder may include an email address for purposes of future correspondence and/or notifications; if no such email address is indicated, then the Company may assume that the email address from which the Submission Email is sent shall be an acceptable address for future correspondence and/or notifications, until notified otherwise by the bidder.

18.3. Without derogating from the foregoing, and notwithstanding anything else to the contrary, the Company may, in its discretion and by reasoned written notification to the relevant bidder, disqualify any bid or submission, if the Company is of the opinion that acceptance of such bid under the circumstances would be inappropriate for the conduct of a public tender, or would conflict the Company's tender policies, applicable tender laws or regulations, or other applicable law.

Sincerely,

8. We understand that we will be required to deliver the Bank Guarantee to the Company immediately upon award of contract if and to the extent our bid is selected (and in no event later than 14 days of our notification thereof), which will serve as a performance guarantee, and that the Company will be entitled to demand payment from such Bank Guarantee by representing to the guarantor that the amount claimed is due by reason of our obligation arising from or in connection with the Tender or the Contract, without the need for additional documentation; however such entitlement is independent of and shall not prejudice the underlying relationship between us and the Company.

14. To the best of our knowledge, neither (a) submission of our bid according to the terms of the Tender nor (b) entry into or performance of the Contract, if and to the degree our bid is selected, would create a personal or business conflict of interest for any of us, our officers, our agents or our employees who are, have been or would be involved in the bid or performance of the Contract.
15. Whereas: the Company wishes to purchase from the Supplier certain goods as described herein and further specified in the bill of quantities attached hereto as Exhibit A (the "**Bill of Quantities**") and the technical specifications attached hereto as Exhibit B (the "**Technical Specifications**"), in accordance with an Order or Orders issued by the Company as described herein (the "**Goods**"); and

Whereas: the Parties wish to put the agreement between them to writing.

Now therefore the Parties hereby declare, represent and agree as follows, with intent to be legally bound by the same:

1. Definitions and Interpretation

1.1. This Agreement is entered by the Parties pursuant to that certain tender for the procurement of goods known as Tender No. 030-20 (the "**Tender**"). This Agreement may be referred to as Contract No. 030-20. Capitalized terms used

but not defined herein have the same meanings ascribed to those terms in the Tender and/or the Tender Documents (and if defined differently in several Tender Documents, as defined in the Invitation).

- 1.2. An "**Order**" means any order by the Company for the supply of Goods, signed by the Company's authorized signatory(ies), that is sent to the Supplier (by any written means, including via fax or email), and each such Order shall be deemed to incorporate all of the terms and conditions of this Contract relevant thereto, including the Exhibits attached hereto. An Order may be for a portion or all of the Goods and quantities specified in the Bill of Quantities, and subsequent Order(s) may be issued for any remaining Goods and/or quantities, all at the Company's discretion. It is clarified that in the event of a discrepancy between the provisions of the Tender Documents, including this Agreement, and the provisions of the Order, the provisions of the Order shall prevail, unless the Company specifies otherwise in the Order.
- 1.3. The Supplier undertakes to supply Goods conforming to the Technical Specifications, as indicated in each Order per its terms and the terms of this Agreement, as described in the Bill of Quantities, or in other quantities in the case of a partial Order.
- 1.4. The Company reserves the right if necessary, at any time and under the appropriate circumstances, to amend the quantity of any item in the Bill of Quantities, by written notice given reasonably in advance to Supplier as it may see fit, without further adjustment to the quoted price per unit.

2. The Supplier's Representations and Warranties

- 2.1. The Supplier represents that it has read and examined this Agreement, including all documents attached hereto, that all of the provisions, conditions and plans are known and clear, and that it has the knowledge, capability and experience to fulfill the terms of this Agreement and supply the Goods in accordance with each relevant Order which may be issued pursuant to the terms of this Agreement.
- 2.2. The Supplier represents that all conditions of the Tender described in Section 3 of the Invitation are and have been fulfilled, and that all documents and/or written correspondence which it has presented to the Company in the course of the Tender process have been duly executed by the respective authorized signatories or agents of the Supplier and each of the Manufacturers, and are and continue to be valid, true and accurate in all material respects.
- 2.3. The Supplier represents that, to the best of the Supplier's knowledge after ordinary commercial diligence, the manufacture of the Goods by each Manufacturer took place in an EU or OECD member country.

- 2.4. The Supplier represents and undertakes that any and all Goods shall comply with the Technical Standards, and that it will forward, upon the Company's demand, documents attesting to compliance with such standards.
- 2.5. The Supplier represents and undertakes that the Goods supplied according to each Order will be of the type, quality, dimensions, material and processing specified in the Order which reflect the Technical Specifications and/or any samples, models or instructions provided by the Company related thereto. If the Tender Documents indicate that any item to be provided requires the Company's approval, the Supplier will not supply such item until the Company's approval is received.
- 2.6. If and to the extent that one or more declarations in the form of Annex B (each such declaration, a "**Manufacturer's Declaration**") was submitted by Supplier to Company (whether included in Supplier's bid on the Tender, or relied upon in Supplier's bid on the Tender based on a submission by Supplier to a previous tender), then the Supplier represents that, regarding each Manufacturer relevant thereto, to the best of Supplier's knowledge after ordinary commercial diligence: (i) such Manufacturer's production or participation in production of the Goods took place at the specific production site described in the relevant Manufacturer's Declaration; and (ii) each Manufacturer's Declaration is accurate in all material respects.
- 2.7. **It is clarified** that all Goods supplied must have been produced by the Manufacturers indicated by the Supplier in its bid with respect to each item type and/or production stage or process, and in the manner described in all relevant Manufacturers' Declarations (including with respect to type, production stage or process and/or specific production site), and only by such Manufacturers and in such manner. No deviation from the above will be regarded as *de minimis*. Each such deviation shall be regarded as a material lack of conformity in the Goods, unless specifically approved by the Company in writing, in its sole and absolute discretion (whether or not commercially reasonable) and on a case-by-case basis. Without derogating from any of its other rights or remedies, the Company will be entitled to refuse delivery of and/or invalidate the receipt of any Goods delivered or supplied with such lack of conformity, or return such Goods to Supplier at Supplier's sole expense, even if no other non-conformity exists.
- 2.8. The Supplier is responsible for the quality of the Goods, including all of the parts, components and accessories thereof, and for the working order of such Goods for a period of 18 months from the date of supply thereof or 12 months from the date of commencement of use thereof by the Company, whichever is earlier (the "**Warranty Period**"), excluding Company's failure to follow Manufacturer's instructions, or resulting from the willful or grossly negligent act or omission of the Company or any third party subsequent to the Goods' delivery.

Finance Division - Procurement & Engagements Department

2.9. Without derogating from any warranty by virtue of applicable law, in the event that any flaws, defects, faults or deficiencies are discovered in the Goods during the Warranty Period, which are not the result of Company's failure to follow the Manufacturer's instructions, or the willful or grossly negligent act or omission of the Company or any third party subsequent to the Goods' delivery (hereinafter: a "**Flaw**"), the following provisions shall apply:

(a) The Supplier will be liable for any damage caused to the Company as a reasonably foreseeable result of any Flaw.

(b) The Supplier will be required as soon as possible and at its expense, to repair any Flaw, or, upon the Company's reasonable demand, to replace any Flawed item with another new item with a corresponding function in accordance with the relevant Order. Any such repair and/or replacement shall be carried out as soon as possible, at the Supplier's expense and to the Company's full satisfaction.

(c) If the Supplier fails to fulfill its undertakings as aforesaid, the Company will be entitled, without prejudice to any of its other rights, to repair or replace the Goods themselves and to charge the Supplier with the expenses of the repair and/or replacement as aforesaid. The Supplier will indemnify the Company for any such expense immediately upon demand.

2.10. The Supplier will indemnify and hold harmless the Company, its officers, employees, agents and sub-contractors, for any damage or expense incurred, including with respect to demands or claims of third parties, resulting from a Flaw or other breach of this Agreement by the Supplier, including due to a delinquency in the date of supply and/or the supply of Goods which do not meet the terms and conditions of this Agreement or the Tender Documents. The Supplier shall indemnify the Company immediately upon receipt of a demand in respect of the aforesaid, without derogating from any other remedy or right available to the Company in such case.

3. Supervision and Inspection

3.1. Without prejudice to any of the other terms and conditions of this Agreement, the Company's representative will be entitled to check the quality of the Goods and their compliance with the Order prior to, upon or after receipt thereof, all at the Company's option and discretion, in order to determine whether the Goods comply with the Order.

3.2. The Company will not be charged for Goods found to be defective or inconsistent with the Order.

3.3. For the avoidance of doubt, the inspections carried out by the Company's representative as aforesaid do not release the Supplier from its full responsibility as per the Supplier's representations and warranties.

4. Prices

- 4.1. The prices of the Goods (including delivery as described in Section 8 below) will be in accordance with the provisions of the Order alongside each unit, which shall be fixed according to the price quotes provided in the Bill of Quantities and subject to no adjustment for any reason whatsoever (other than as per applicable terms and conditions of the Tender, if any), unless agreed by the Parties in advance and in writing.
- 4.2. Supply and delivery will be as described in Section 8 below. Terms of payment and invoicing will be as described in Section 9 below.
- 4.3. It is hereby clarified that the Company will not be charged for items that are supplied other than in accordance with the terms and conditions of the Order.

5. Changes to the Order

- 5.1. The Supplier will not be entitled to introduce any change to, or to modify, any Order unless the Company's prior written consent is given thereto.
- 5.2. No change shall be made to any of the terms and conditions or provisions of the Order unless agreed in writing between the Company and the Supplier.

6. Timing of Delivery

- 6.1. Delivery of the Goods by no later than the Final Delivery Date (as defined in Section 8.2 below) is a fundamental condition of the Order, and time is of the essence. Failure to deliver the Goods or any part thereof by the Final Delivery Date (or circumstances in which such expected failure is reasonably foreseen) shall constitute a fundamental breach of the Supplier's undertaking according to such Order.
- 6.2. In any case of failure (or foreseen failure) to deliver the Goods in a timely fashion as described in Section 6.1 above, the Company may, in its sole discretion, do any of the following or any combination thereof, as several or concomitant remedies, each of the following remedies being without prejudice to any other such remedy and without prejudice to any other right or remedy otherwise available to the Company:

(a) cancel the entire Order or such part thereof that was not (or is foreseen likely not to be) performed in a timely fashion as described in Section 6.1 above;

(b) order the Goods and/or similar products, in whole or in part, from other sources in order to make up the deficiency, and to charge the Supplier for any additional financial expense that the Company may incur thereby, which expense the Supplier will be required to reimburse immediately upon demand; and/or

(c) demand liquidated damages as follows:

- (1) for a delay of up to two weeks: 0.25% of the value of the Order, for each day of delay;
- (2) for a delay of more than two weeks and up to four (4) weeks: 0.5% of the value of the Order, for each day of delay; and
- (3) for a delay of more than four (4) weeks: 20% of the value of the Order.

7. Partial Supply

The Supplier will not be entitled to make partial supply of an Order, unless under special circumstances and subject to a prior written approval by the Company for such partial supply. In case of partial supply without the Company's prior confirmation as aforesaid, the Company will be under no obligation to take possession of the Goods, and the Goods shall remain in the possession and responsibility of the Supplier, and such partial supply will not be deemed a partial fulfillment of the Order. Alternatively, the Company may elect to take possession of the Goods as if partial supply were allowed, and conditions of payment for such partial supply as per the terms of this Agreement (*mutatis mutandis*), after a 10% discount as penalty for partial supply without the Company's prior written consent.

8. Supply and Delivery

- 8.1. The Goods will be supplied Ex works port (Incoterms 2010), or to a different port specified by the Company in advance, provided that the Supplier is reasonably compensated for any additional costs (the "**Destination Port**").
- 8.2. All Goods stated in the Order will reach their respective Destination Ports by no later than the final date of supply stated in the Order, which shall be no later than 12 weeks following the Supplier's receipt of the Order, or an earlier date if agreed by the Parties (the "**Final Delivery Date**").
- 8.3. The "delivery" of Goods shall be considered to have occurred once (i) the Goods are actually unloaded and delivered at the Destination Port, (ii) the Goods are found to be in conformity with the terms of the Order, and (iii) all relevant conditions of this Section 8 have been fulfilled.
- 8.4. It is clarified that any Goods supplied to a destination other than the relevant Destination Port without prior coordination shall be considered undelivered, and the Company will not be liable for any payment therefor.
- 8.5. The Goods shall be delivered new as manufactured, in conformance with the Technical Specifications and all other terms and conditions of the Tender and this Agreement, together with any certificates of quality, manufacture and/or inspection or other documentation which are either: (a) mentioned in the Technical Specifications; or (b) reasonably requested by the Company in

connection with the origin, manufacture, shipping, and/or quality of the Goods and/or their conformance with the Technical Specifications or other terms of this Agreement.

- 8.6. It is clarified that no payment will be required upon delivery. The Company will pay the Supplier in response to an Invoice issued by the Supplier in compliance with the terms and conditions of Section 9 below.
- 8.7. The Goods shall be delivered free of any right, claim, or encumbrance of any third party, and, without prejudice to any right or remedy which the Company would otherwise enjoy, the mere existence of any such right, claim or encumbrance shall be sufficient to deem the Goods as not having been delivered.

9. Terms of Payment

- 9.1. The Supplier may submit an original written invoice to the Company conforming to the conditions of this Section 9 (an "**Invoice**"), at any time subsequent to receiving the Company's written confirmation that all Goods pertaining to a particular Order have been delivered in full, as per the terms of this Agreement (including Section 8 hereof) and to the Company's satisfaction. It is clarified that the Company is under no obligation to pay the Supplier, other than in response to an Invoice issued by the Supplier and submitted to the Company in compliance with the terms and conditions of this Section 9.
- 9.2. The currency of the Invoice must be in the currency attributed to the price quote relevant to the Order in accordance with Section 17.5 of the Invitation (the "**Invoiced Currency**"). Notwithstanding the above, regarding an Israeli Supplier, if the Invoiced Currency is not NIS, then the Company reserves the right to make payment either in the Invoiced Currency as per the Invoiced Amount, or in NIS as per the amount resulting from the Invoiced Amount after applying the foreign exchange rate for the Invoiced Currency published by Bank of Israel, current as of the date of the Invoice.
- 9.3. The amount indicated on the Invoice must be equivalent to the price quote relevant to the Order, in the Invoiced Currency (such amount, when duly invoiced as per the terms of this Agreement, the "**Invoiced Amount**"). It is clarified that the Invoiced Amount is inclusive of all costs, expenses and taxes (including VAT) associated with the provision or delivery of the Goods or fulfillment of any other condition of this Agreement.
- 9.4. If and to the extent that Israeli VAT applies to the provision of the Goods, the Invoice must indicate such Israeli VAT as a separate item such that the Invoiced Amount is inclusive of such Israeli VAT. If, at any time and for whatever reason, the Company determines in its reasonable opinion that Israeli VAT applies to any Order or Invoice, the Company may unilaterally amend such Order or Invoice, such that Israeli VAT appears as a separate item and the total amount due, after the addition of Israeli VAT, is equal to the original price

quote or Invoiced Amount relevant to such Order or Invoice (*i.e.* including Israeli VAT).

- 9.5. The Company shall pay the Invoiced Amount of each Invoice, by a bank transfer which shall be executed no later than 45 days following the last date of the calendar month on which the Invoice is actually received (the "**Payment Date**").
- 9.6. It is clarified and stipulated that the Company will not be liable for any interest or pricing index differentials for any payment made up to 30 days subsequent to the Payment Date, or for any delay in payment due to either negligence of the Supplier or any Invoice's lack of conformity to the terms of this Section 9.

10. Performance Guarantee

- 10.1. The Supplier shall provide the Company with an autonomous bank guarantee in the form of (or substantially equivalent to the form of) the bank guarantee attached as Exhibit C to this Agreement (the "**Bank Guarantee**"), which shall serve as a performance guarantee for the delivery of the Goods as well as all other provisions of this Agreement, and the Company shall be entitled to demand payment from such Bank Guarantee for any debt, obligation, guarantee or undertaking arising out of or in connection with this Agreement (including without limitation any applicable remedy, whether based on a claim of tort, contract or otherwise), by any presentation complying with the terms of the Bank Guarantee.
- 10.2. The amount guaranteed by the Bank Guarantee shall be NIS 25,000 (the "**Guarantee Amount**"). The Bank Guarantee shall be valid until _____ {*expiry date*} (the "**Guarantee Expiry Date**"), or the actual delivery of all Goods to Company's satisfaction in accordance with the terms of this Agreement, as evidenced by an original document issued by the Company for the purpose of demonstrating the occurrence of such event; however, for so long as the Goods have not actually been delivered to the Company's satisfaction, the Company shall have the right to extend the Guarantee Expiry Date by written notice for successive 60 day periods
- 10.3. An autonomous bank guarantee conforming to Section 15.1 of the Invitation shall be considered a complying Bank Guarantee under this Agreement.
- 10.4. If a complying Bank Guarantee is not received by the Company within seven (7) days of the Effective Date, then the Company may, in its discretion, either (a) extend the deadline for receiving such Bank Guarantee for up to an additional seven (7) days, and exercise any of the remedies described herein upon the expiry of such extension period; or (b) terminate this Agreement without further penalty to the Company, and demand immediate payment of the Liquidated Damages, in accordance with the terms of Section 14 of the Invitation.

- 10.5. If the Company demands payment of the Bank Guarantee or any part thereof, the Company will provide the Supplier with a copy of such demand and an indication of the date of presentation of such demand, and the Supplier shall, within 14 days of receipt of such notice (or within 14 days of the date of presentation, if later) cause the Bank Guarantee to be amended such that the amount of the Bank Guarantee is restored to the original Guarantee Amount.
- 10.6. In this Section 10, "**amendment**" of the Bank Guarantee includes issuance of a new or alternate bank guarantee which meets all the requirements of this Agreement as per such amendment. Upon provision of such validly issued alternate bank guarantee, the Company shall return the prior Bank Guarantee, and such alternate bank guarantee shall be deemed the amended Bank Guarantee for purposes of this Agreement.

11. Confidentiality

The Supplier undertakes to keep confidential any information that may be disclosed, delivered or become known to the Supplier (including, for the purpose of this Section, all affiliates of the Supplier and all Manufacturers), and/or any of its or their respective directors, officers, agents, sub-contractors, representatives or employees ("**Representatives**"), in the course of its dealings, communications and undertakings with the Company, other than information which (a) is or becomes public domain without fault of Supplier or any Representative, (b) reflects general knowledge or experience in Supplier's field of business or expertise, or (c) which Supplier is permitted to disclose by virtue of an explicit provision of this Agreement or the Company's prior written approval. Neither Supplier nor any of the Representatives shall use, disclose, publish or otherwise permit exposure of such confidential information as described above to any person, other than relevant Representatives strictly on a need-to-know basis, by any means whatsoever, without the Company's prior written consent on a case-by-case basis. Supplier shall ensure that each of the Representatives who is exposed to the confidential information as described above shall be bound by confidentiality covenants no less strict than as described in this paragraph. For the sake of clarity it is emphasized that all information of the Company to which Supplier or the Representatives may be exposed shall be assumed to comprise the confidential information and trade secret of the Company, unless specifically indicated otherwise by the Company.

12. Miscellaneous

- 12.1. Nothing in this Agreement shall be interpreted as granting any right or remedy to any party other than the Supplier and the Company.
- 12.2. The relationship between the Parties shall not be construed as comprising any partnership, agency or joint venture of any kind.
- 12.3. This Agreement (together with the Exhibits attached hereto) comprises the entire agreement between the Parties regarding the subject matter hereof and supersedes all previous understandings or agreements with respect thereto.
